Assignment	Component	Date	Details of Effort
Product Review Essay	Outline	1/31	Broke down what the essay is going to look like and did my research
	Redoing my outline	2/2	I organized the way I would write the paper and the order of how things will be written
	Draft	2/4	Wrote everything that come to mind on the paper, continued typing til I was out of ideas,
	Continued Draft	2/5	Continued on the draft and read over what I had written and organized them in the correct manner
	Continued draft	2/6	Looked over the peer review comments and recommendations. I saw that I was missing out some explanation and missing details
	Finalizing the paper	2/10	Finalized the Product review paper by checking any errors in there, and making sure it all made sense
Technical Description	Starting outline	3/13	Decided what product I'll be using (The mini waffle maker)
	Outline	3/15	While making the outline I saw that I still need to do a lot of research and learn more about the waffle maker
	Outline		Organized all notes and read over them to see what I would use, took apart the mini waffle maker I had to understand the parts more
	Draft	3/23	Started typing the paper and just messing around seeing where each section should go, took some images for the paper

Assignment	Component	Date	Details of Effort
	Final Draft	4/1	Moved around a few things like the pictures which such a small thing was giving me a hard time because I couldn't figure out how to make the paper look nice with all the images and finalized the paper to which I thought was done
	Final Paper	4/13	Rearranged everything and actually saw what was wrong with the paper and I looked at the feedback I received and completed changed it. I corrected the format of the paper as well it looks better now to me.
